

Volunteering within the SE Trust

Within the South Eastern Health & Social Care Trust we are fortunate to have over 520 volunteers working alongside staff in our hospitals and community facilities such as residential homes for children and elderly as well as training & resource centres supporting clients with physical and learning disabilities. The volunteer roles are specifically designed to enhance services, and improve the patient experience. Our volunteers carry out roles such as supporting patients in hospitals during meal times and helping with activities in day centres. The fantastic contribution that our volunteers make has helped to improve the lives of our patients, clients and their families.

As a Trust we are very keen to bring in more volunteers from all walks of life - from younger people and those with more life experiences. Volunteering with us enables you to meet new people, develop friendships and have fun. The following are some of the roles we have currently available:

- Play helper
- Walking companions
- Drivers
- Meeter & greeter
- Ward helpers
- Voluntary laundry
- Arts & crafts

Our volunteer roles can provide opportunities for people to try something new, build confidence, develop skills and gain experience to improve career prospects. Our volunteer roles also offer the opportunity for those who wish to help others and give something back to their community.

If you are interested in volunteering, now is a brilliant time to give it a try. Please call the Volunteer Services Team on 028 90 564817 Peter or Anne will be delighted to give you more information and help you get started or email sonya.duffy@setrust.hscni.net
